Vision:

Here at King's Cliffe Endowed we strive to ensure that all our children grow a love for learning and experience success on a daily basis.

Mission Statement:

We work hard to excite our children in their learning and every opportunity is taken to grasp the chance to be highly innovative, imaginative and inspirational.

Our aim is to create a positive learning experience for every individual, which challenges and encourages children to be self-assured in expressing their thoughts and question their learning. Our wish is for all our children to become life-long learners by providing them with the skills and knowledge that enable them to be confident individuals, accomplished learners, reflective contributors and responsible citizens.

Values Education permeates the ethos of our school. We have high expectations of all members of our school community and endeavour to provide a positive and inclusive environment. We invite all our children on a journey to discover their own values and give them time to reflect on how their values affect those around them. Everyone in our school matters; therefore, we are constantly looking for ways in which to support one another in developing a sense of self-worth by providing a safe and respectful environment, because everyone has a part to play in our success.

Our School Motto:
