

Medium Term Plan - Year 3 (Spring)  
CHINA

<u>Intent:</u>		<u>Implementation:</u>						<u>Impact:</u>				<u>Celebration:</u>			
<p>For the Spring term the children will explore the historical events and geographical features of China, paying particular attention to the social hierarchy. The children will develop an understanding of how the events of the China have affected the world, whilst gaining a deeper knowledge of countries and locations.</p> <p>The children will build on their knowledge of the differences between the present and past. They will begin to understand the use of maps and gain more knowledge about the wider world, in particular, Asia and Chinese cities.</p>		<p>Children are going to learn about the ancient Chinese and the class system, followed by geographical knowledge, through outdoor practical lessons, videos and use of a range of secondary sources.</p> <p>The children will get to enrich their understanding through drama and literacy tasks as well as extra-curricular topic lessons, science and activity days.</p> <p>The children will be immersed in the learning which will include art, maths geography, and PE lessons.</p>						<p>The children will be able to confidently explain the impact of the ancient China on the world. They will express their feelings towards the class system and will be able to explain how life differed between each class. They will begin to understand more about map work and placements of countries around the world.</p>				<p>The children will have many opportunities to celebrate their learning throughout the term. These will include sharing POWer projects, outside visitors (if possible) and an exhibition of our work this term.</p>
