This Week's News

Life Education workshop

On Monday and Tuesday we were visited by Liz from Coram Life Education who delivered workshops for every Year group. These were adapted for the different age ranges. The workshops helped with the knowledge, skills, and confidence to make informed decisions about their health, relationships, and personal development, helping to make the children have self-awareness, resilience, and a deeper understanding of how lifestyle choices impact long-term wellbeing. Liz was extremely complimentary about the children, their discussions, manners and knowledge. Well done all for showing the school values.

Laxton Maths Challenge

On Thursday 4 of our Year 6 children took part in a Maths challenge at Laxton Junior School. The children had to tackle some tricky questions and quizzes and showed great resilience along with many of our school values.

Our curriculum builds on the strong roots of our values to take the children on a journey of knowledge to 'grow a love for learning' and develop skills for life.

Hello Yellow

Mental Health day

Friday 10th October 2025

We would love for your children to come to school in as much yellow as possible to show our support to one another in all of our mental health. The more yellow the better, but - of course - there is no pressure upon anybody to join in if they do not want to.

As well as wearing yellow in school, all year groups will be learning about their mental health in some exciting activities - we cannot wait to share with you everything that we do together to support all of KCEPS to be mentally fit and healthy!
