This Week's News

We were on the radio

As part of our Sir David Attenborough birthday celebrations some of our children were invited to be interviewed by Stamford and Rutland Sound radio station about the event. They spoke confidently about their artwork, what they have learnt about caring for the environment, and why David Attenborough continues to inspire young people today.

In Monday's assembly all the children got to listen to the interview; we will attach the interview to a Tapestry once we have a copy if you would like to listen.

We were incredibly proud of how well they represented the school.

Year 5 Microscopes Stem Session

On Tuesday, Year 5 went to Oundle School's science department to take part in some brilliant microscope sessions. Oundle's teachers introduced them to the different kinds of microscopes and how they would use them; the use of different lenses and how to focus in on any specimen.

The children got to observe onion layers, leaf cells and their own cheek swabs, as well as a range of small creatures and flora. They had a fantastic time and we are always grateful for the wonderful STEM experiences Oundle share with KCEPS.

Our curriculum builds on the strong roots of our values to take the children on a journey of knowledge to 'grow a love for learning' and develop skills for life.

This Week's News cont....

May Day Celebrations

Today we invited family and friends of all our children to our May Day celebrations. The children were all fantastic with their maypole and country dancing. The weather was kind to us for everyone to enjoy the May Day picnic. Thank you to the PFA for selling refreshments and to The Heritage Trust for being our special guests. Finally a big shout out to everyone who came and supported the children today and the amazing feedback received—we have all had a lovely day.

SATs

We would like to say a massive Well Done to all our fabulous Year 6 children who completed their SATs this week. They were not without challenging, tricky questions, but every one of your fantastic children approached every hurdle with determination and perseverance.

Nothing has shaken them, nothing has brought them down, nothing has stood in their way to show their understanding on paper and leaving the room so very happy and every single one of them has done their very best. We are all super proud of them!

This Week's Good News

THIS WEEK'S AWARDS—WELL DONE TO YOU ALL!

Reception

Value of the Week- Jacob

Year 1

Value of the Week- Etta

Year 2

Value of the Week- Nora

Year 3

Value of the Week- Sophia-Rose
